## VOL I: Team Building & Group Development

20 activities for helping youth learn team building and group development. Challenge your students with fun and engaging activities that require group members to communicate effectively and work together for success.

The activities on this CD-ROM address leadership, critical thinking, collaboration, individual self-esteem, competition, group dynamics, and team confidence.

*You can watch it, hear it, and read it—a complete interactive experience.*

Using interactive multimedia, Inspire! shows you how to set up, lead and process each activity. In addition to watching and hearing video, you can read and print instructions for any activity.

*Inspire creativity, problem solving and learning within your group.*
